Dewey Burdock Uranium Aquifer

Territories governed by treaty should be protected from exploitation of people and resource. The uranium mining above an aquifer under their promised tribal lands does that. This would put the country in violation of international law, and our own Constitution. It could open a state or the country as a whole to sanctions by governing bodies. Also consumer boycotts of great expense and exorbitant legal challenges that will get my consideration for support. Hope the next time we communicate it is not prior notice. Thanks,
